Award

SAP Hardware Earns awards as South India's No. 1 Hardware Company and Trusted Brand at Taj Bangalore on 16th July 2023

SAP Hardware is proud to announce that we have been recognized as the Number 1 Hardware Company and the Most Trusted Brand of South India for the year 2023. These prestigious awards reflect our unwavering commitment to excellence, innovation, and customer satisfaction.

Number 1 Hardware Company this accolade is a testament to **SAP Hardware**'s dedication to delivering top-notch products and services. We have consistently pushed the boundaries of craftsmanship and design, earning the trust and loyalty of our valued customers across the region.

Being recognized as the Most Trusted Brand in South India is a humbling acknowledgment of the strong bonds we've built with our customers. We prioritize transparency, reliability, and a customer-centric approach in everything we do.

"We are honored to be acknowledged as the Number 1 Hardware Company and the Most Trusted Brand in South India for the year 2023. These awards fuel our passion to continue providing exceptional products and services to our customers. We extend our heartfelt gratitude to our customers, partners, and the entire **SAP Hardware** team for their unwavering support."

SAP Hardware remains committed to excellence, and these awards inspire us to reach new heights in the hardware industry.

Our Story

At **SAP Hardware**, our passion for craftsmanship is at the heart of everything we do. Every piece we create is a testament to our dedication to exquisite design and meticulous attention to detail, ensuring that your home and office spaces stand apart in sophistication and style.

INCEPTION AND GROWTH

In the year 2013, we embarked on a journey with a modest offering of just seven products. Fueled by a commitment to quality and a vision for enhancing living and working environments, SAP Hardware has since blossomed into a brand synonymous with excellence.

RICH IN DESIGN, RICH IN CHOICE

From our humble beginnings, we have evolved into a powerhouse with a diverse product range that exceeds 3000 unique offerings—and we're just getting started. Our products are not just pieces; they are statements, each crafted with care to elevate your surroundings.

WHAT SETS US APART

Passion-Driven Craftsmanship: Each item is born out of our passion for creating objects that transcend utility, becoming expressions of artistry and functionality.

EXPANSIVE SELECTION

With over 3000 products and counting, our range ensures that you find the perfect match for your aesthetic preferences and practical needs.

CONTINUOUS INNOVATION

We don't just keep up with trends; we set them. Our commitment to innovation ensures that SAP Hardware remains a pioneer in the world of design and functionality.

JOIN US ON OUR JOURNEY

As we continue to grow and innovate, we invite you to be a part of the SAP Hardware community. Explore our collections, discover the perfect pieces for your spaces, and join us in making every home and office truly exceptional.

REFLECTION ON 11 YEARS OF SUCCESS

Your presence will add joy to our celebration as we look back on our journey from humble beginnings to a product range of over 3000 items. Together, let's mark this with pride and excitement.

Thank you for choosing **SAP Hardware** -a brand crafted with passion and dedicated to enriching your surroundings with unparalleled design and quality.

STATE-OF-THE-ART TECHNOLOGY, COST-EFFECTIVE SOLUTIONS

All our products are manufactured using state-of-the-art technology, ensuring precision, durability, and innovation. We believe in providing cost-effective solutions without compromising on quality.

Choose **SAP** for a seamless blend of functionality, aesthetics, and reliability.

Thank you for considering us for your construction and architectural needs.

TAILORED SOLUTIONS FOR EVERY PROJECT

At **SAP Hardware**, we take pride in offering a diverse range of sizes and specifications to meet the unique requirements of our clients. Whether it's the construction of houses, offices, or shopping malls, we provide solutions that align with your vision.

QUALITY AND CONSISTENCY

We uphold the values of quality and consistency in every job we undertake. SAP strikes a perfect balance between sound technical finesse and commendable aesthetic sensibility, ensuring that our products not only meet but exceed expectations.

RIGOROUS QUALITY CONTROL

Our commitment to excellence is reflected in our rigorous quality control processes. Before our products reach our clients, customers, and distributors, we subject them to thorough quality checks based on well-defined parameters. This ensures that each item that bears the SAP name is of the highest quality.

ON-TIME DELIVERY

In addition to our quality-controlled methods, we understand the importance of timely project completion. **SAP Hardware** is dedicated to delivering products on time, every time. This commitment has earned us immense market appreciation across India.

TRUSTED NATIONWIDE

Our varied product range, commitment to quality, and timely deliveries have positioned SAP Hardware as a trusted partner in construction projects nationwide. From homes to offices and shopping malls, our solutions are designed to enhance the built environment.

OUR SERVICES

We are thrilled to share some exciting news with you! **SAP Hardware** is now deploying its exquisite craftsmanship and design expertise to serve even more regions across India. As of [current date], we are proud to announce our expanded services, reaching homes and offices in West and South India. The expansion into West and South India is a testament to our commitment to providing top-notch hardware solutions and impeccable design to a wider audience. Whether you're in [specific cities or regions], **SAP Hardware** is now closer to you than ever before.

LAUNCHING NEW PRODUCTS

At **SAP Hardware**, we've always been committed to understanding and addressing the unique challenges you face in your homes and offices. Today, we are thrilled to unveil our latest innovation, a solution designed specifically to tackle the burning problems you've shared with us. We believe in crafting products that not only meet but exceed your expectations. This is the truth result of our dedication to listening to your needs and providing practical solutions. As we celebrate our 11th anniversary, this launch represents a significant milestone in our journey. Your trust and feedback have guided us, and we are excited to continue serving you with excellence.

Display Center

SAP Hardware proudly announces a significant milestone in its journey of craftsmanship and design excellence. As of 2023, we have expanded our presence to include 3 state-of-the-art Display Centers and have forged partnerships with over 100 distributors nationwide.

SAP Hardware has always strived to bring our exquisite designs and top-quality hardware closer to our customers. With the establishment of 3 Display Centers, located in Bangalore, Chennai, Hyderabad, we provide immersive experiences for customers to explore our extensive product range firsthand. Our commitment to accessibility and customer satisfaction is further solidified by our collaboration with over 100 distributors across the country. This network ensures that **SAP Hardware** products are readily available, making it easier than ever for customers to enhance their homes and offices with our exceptional offerings. This expansion is a testament to our commitment to making **SAP Hardware** products more accessible to customers across the nation. We look forward to continuing to provide unparalleled craftsmanship and design excellence.

SAP Hardware remains dedicated to providing high-quality hardware solutions and an unparalleled customer experience.

Item Code	Finish	Capacity	(D) Size	MRP (per Set.)
SSDF 1183	Black	18kg	450mm-18"	12250/- (one door kit)
			500mm-20"	13000/- (one door kit)
			550mm-22"	14000/- (one door kit)

Installation precautions

Suitable for door height 1-2.5m, minimum cabinet depth 400mm-700mm, The width of the door panel is 300mm-500mm, the thickness of the door panel is 18-27mm, The maximum gate weighs 10-18kg. If you want to install a partition in the middle, please be careful to leave enough space.

Door and cabinet requirements

1. The height of the door should be 8mm higher than the net inner height of the cabinet.
2. Drill the hinge holes according to the drawing requirements.
3. A built-in door needs to be made.

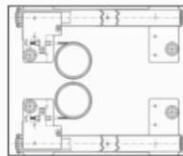

Standard 40mm medium-bend damping hinge (18mm-27mm thickness of door plate)

Installation guide

(1) Install the slide rail

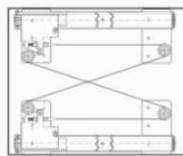

1. When installing the slide rail, the distance between the edge of the slide rail and the edge of the cabinet is the thickness of the cabinet door panel. If the door panel is 20mm, the distance is 20mm.
2. Insert the slide rail on the top and bottom of the cabinet. See page 3 for the distance between the holes.

(2) Installing steel rope

1. Install the guide rails according to (1)

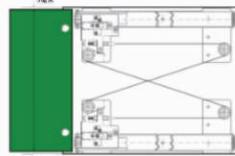

2. Pull the copper rope of the guide rail, then pull the steel rope to the roller at the diagonal, go around the roller, and fix the steel rope under the screws.
3. Adjust the tightness of the copper rope and tighten the screws.
4. Repeat the above steps for the other slide rail.

(3) Install hinges and doors

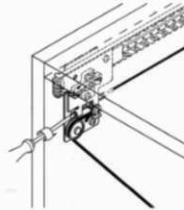

1. Use M4*5mm to fix door panels and side panels.
2. Put the hinge into the hole and fix the screws.
3. Hinges are fixed on the slide plate and door plate.

4. Close the door to check the clearance. If you need to adjust it, please refer to (5).

(4) Adjust the door panel

If the door sags slightly while ensuring that the weight of the door does not exceed 18kg, it can be done by adjusting the screws on the steel rope, which is at its best to maintain a slight tension.

(5) Adjust the hinge

1. left and right adjustment: -0.5mm/5.5mm
2. Front and Rear adjustment: 2.8mm
3. Adjust up and down: -1.5mm/1.5mm

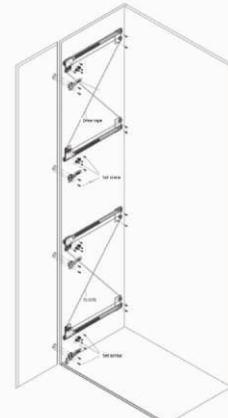

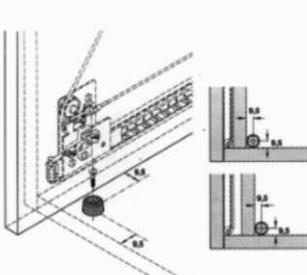

Application example

(6) Install the positioning wheel

1. Fix the positioning wheel on the bottom plate and top plate of the cabinet as shown in the figure.

WARDROBE POCKET DOOR FITTING

33

Pocket Door Sliding Fitting With Soft Open & Close

SSDF 1184 - L

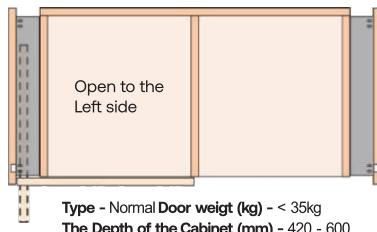

Item Code	SSDF 1184 - L
Description	Pocket Door Sliding Fitting, With Soft Close, for Left (One Door Kit)
MRP	103000/- Per Set.
Middle track	
Middle axle	
Upper track	
Profile for weather strip	
Bottom track	
Brusher	

Product Features:

- The door panel can be hidden inside the cabinet and doesn't occupy the space outside the cabinet. Overall surface is in the same level when the door closes. It is elegant and noble.
- It is smooth to push and pull. No shake.
- Easy to install and adjust. No need to tilt.

Technical Points:

- Application:** Wooden door
- Door Weight:** Single door $\leq 35\text{kg}$
- The depth of the cabinet:** 420~600mm
- The height of the cabinet:** 1800~2850mm
- Door thickness:** 18~25mm

SAP[®]
A QUALITY PRODUCT
ARCHITECTURAL FURNITURE FITTING

Rolex sells status, not watches.
Supreme sells scarcity, not clothes.
Harley sells a lifestyle, not bikes.

The same way SAP sells Quality Over Quantity

We believe in Customer Satisfaction making it our priority to deliver day in and day out so our customers have a value-added experience and make their homes and offices feel inordinate
